PHANTOM BLACK

STORM SERIES

Tough nut, portable F-36 doesn't joke around. The air flow generated from the current lineup of F-36, allows you to point large volume of concentrated air flow to where it is needed most. F-36 gives a fixed pointed direction of airflow. Don't like it pointing that way? Easy. A pair of durable and quality wheels allows the giant F-36 to be moved with little effort. The F-36 is available in Phantom Black and Royale Gray.
